

## THE CHALLENGE

The client presented EquipNet with an aggressive requirement to clear multiple facilities of surplus Electronic Test and Measurement equipment. With only a few months until the mandatory deadline, EquipNet had to act fast. The client needed to adhere to its deadline, as well as maximize its financial return through equipment sales.

## THE SOLUTION

- **Project Management**
- **Site Closure Management**
- **Onsite Inventory**
- **Worldwide Logistics**
- **Global Consignment**
- **Dedicated Online Auction**
- **Individual Asset Sales**
- **Sealed Bid Sales**
- **Electronic Recycling**

### CLIENT OVERVIEW

A leading global semiconductor organization that designs and manufactures graphics processing units (GPUs) and system on a chip units (SOCs) for several industrial sectors including mobile computing and the automotive industry.

**2500+**  
**Assets**  
**Managed**

**Multimillion**  
**Sales**  
**Result**

## THE RESULT

Despite some challenging obstacles that were overcome, EquipNet was able to adhere to the client's deadline as requested. In total, EquipNet provided the client with four auction events and over one hundred private sales. EquipNet helped the client sell over 2,500 pieces of equipment, and the client received a multi million GBP financial return from the equipment sales.

**3 Month**

Deadline  
Met

**4**
