

THE CHALLENGE

The client reached out to EquipNet for assistance closing the entire telecommunications division of its company, which included over 20 facilities spanning across the globe.

Facilities included locations in over five different countries – the United States, France, China, India, Taiwan, Korea and others. With an unknown inventory and a deadline approaching in six months, EquipNet had to act fast to ensure the client's needs were met, while achieving the highest return possible.

THE SOLUTION

- **Project Management**
- **Site Closure Management**
- **Onsite Inventory**
- **Worldwide Logistics**
- **Global Consignment**
- **Appraisals & Valuations**
- **Dedicated Online Auction**
- **Individual Asset Sales**
- **Sealed Bid Sales**
- **Electronic Recycling**

CLIENT OVERVIEW

The client is a leading global semiconductor manufacturer with over 50 years of expertise, encompassing innovation and excellence in its company. This business focuses primarily on four business sectors, including wired infrastructure, wireless communications, enterprise storage, and industrial needs.
